

**Project Name: Dennison University Ebaugh Labs****Project Location: Granville, OH****Project Overview**

Dennison University's Ebaugh Laboratories houses the Department of Chemistry and Biochemistry. The 19,250 sq. ft. addition, and 32,750 sq. ft. renovation to the pre-existing building was completed on-time and under-budget. The new state-of-the-art facility provides more space and functionality to meet the needs of the faculty and students. Dennison received LEED Gold Certification for its extensive renovation that included; light pollution reduction, building re-use, use of regional materials and the use of low emitting materials. Stonecreek Interior Systems provided a product mix that supported the Chemistry Lab with its LEED credits.

- Premium Maple Veneer Casework and Tables
- Fume Hoods
- Durcon Chemical Resistant Epoxy Countertops
